- Ability to adjust the power of the massage in every seat.

S COLLECTION **FILTRATION SYSTEM**

Clean Water Faster

1. FORCEFLOW
Skimmer

- Debris is pulled across a skimmer door which traps it inside the filter compartment.
- Spend more time with the family – less time cleaning.

2. MICRO CLEAN
Filtration

- With 100 sq. ft. of filtration working all of the time.
- Ensures your family's protection.

3. OPTIONAL PUREWATER
System

- Proactive system that reduces the amount of chemicals needed to maintain the hot tub.
- Naturally keeps the water clean.
- Harnesses the natural, safe, and effective power of water and light.

S COLLECTION **BUILT IN CANADA**
for Canadian Winters... Built to Last

1. EVERLAST
Polymer Base

- Impervious to nature, moisture, and the elements.

2. SURESTEEL Frame

- Built with a galvanized SureSteel support structure. This frame is guaranteed to never rot, split or peel.
- Extends the life of your hot tub.

3. LIFESTYLE Shell

- 3-layers: acrylic, waterproof, and strengthening fiberglass.
- Built to handle your lifestyle and the elements.

4. GREENGUARD
Insulation System

- Rockwool insulation.
- Traps the waste heat of the motors and plumbing and returns it to the hot tub resulting in a more energy efficient hot tub.
- Delivers superior noise absorption, bacteria prevention, and won't retain or absorb moisture.

5. WEATHERSHIELD
Cover

- This cover is 74% lighter so it easier to move and 3 times stronger than a standard vinyl cover.

CONTROLMYSPA**
Ultra Simple App

This easy-to-use app has the latest wi-fi technology for better coverage. The ControlMySpa™ works seamlessly through your WIFI with the feature rich control systems in your Sunrise hot tub. Control the lights, adjust the temperature, activate the jets and more from your smart device from any where. Compact, reliable, and secure, works on any Apple or Android smart device.

LED ILLUMINATED
Deck Controls

Offer enhanced ambience and illuminate controls pertinent to your overall hot tub experience.

PureWater SYSTEM
All Natural System

Designed to keep your Sunrise hot tub water clean† and clear the way nature intended. This system is designed to prevent problems from happening.

* Subject to change without prior notice.
†Clean is defined as the removal of microscopic (down to 3 µm level, varies by model) debris from the water. Ozone aids in the grouping of small debris. Once combined, the debris can be more easily caught by the filtration process. ** Not available on 120V hot tubs.
